COMPANY
PROFILE

About Us

"**Al-Saher Alkhalijia Foundation**, is a company that specializes in fire and safety equipment, including firefighting, fire alarms, and fire extinguisher systems, as well as the supply, installation, design, testing, commissioning, and maintenance of these systems."

Al-Saher Provides a wide range of highly effective & quality fire detection, fire alarm equipment like Conventional & addressable systems, Sprinkler systems. We also provide portable, automatic and wheeled fire extinguishers, that meet the requirements and standards of Saudi Arabian Standards Organization (SASO) and the European Norm BS EN3. We also install Fire Hydrants, F.M.200 & Kitchen hood & fire suppression systems. We also do a follow up on all clients to ensure that all equipment supplied is efficiently running and serviced on time. We have grown out of the need of ensuring safety and professional guidance to the public for safer and proper usage of all fire and safety equipment.

Mission Statement

It's the policy of the company to provide customers with products and services which achieve and sustain the highest possible quality standards. This statement is the basis of our management philosophy and reflects the commitment of every individual within the organization.

Fire Hydrant System Accessories

FIRE EXTINGUISHERS

Powder Fire Extinguishers:

Powder extinguishers are suitable for use on Class A, B and also Class C type fires involving flammable gasses such as propane and butane. Powder is also highly effective for electrical hazards.

CO2 Fire Extinguishers:

Carbon Dioxide extinguishers are suitable for fires involving flammable liquids and electrical hazards. The non-corrosive and non-conductive qualities of CO2 make it an ideal choice for dealing with fires involving electrical equipment and machinery
